## LEARN-TO-SWIM

Swimming Lessons are for **EVERYONE!**

- **Why should I sign my child up for swimming lessons?**

Swimming lessons are a great way for kids to get exercise and have fun! Swimming lessons will calm your child's water fears, teach them lifesaving skills, and build confidence!

- **At what age can I sign my child up for swimming lessons?**

Our swim classes are designed for kids of all ages. Children can begin learning on their own in Level 1 at age 3. We also offer Parent & Tot classes which allows a parent to learn in the water with their baby as young as 8 months old!

- **What can I expect from the Brooklyn Recreation Learn-to-Swim Program?**

At the John M. Coyne Recreation Center, we offer swimming lessons at a minimal cost. Our classes are designed to teach children how to enjoy the water safely. They can also teach your child to swim for fun or prepare them for a future in competitive swimming. Our program is run in accordance with the American Red Cross, and all of our teachers are Certified Water Safety Instructors!
